**RE: HB 0258 - Employment Standards - Seating for Employees (Right to Sit Act of 2022)
- Oppose**

Dear Delegate Wilson:

This bill appears to be a solution in search of a problem. It would require employers to provide seating for all employees if the job being performed can be performed in a seated position; for those employers with less than 15 employees, it is required if requested by the employee. It further mandates that new or remodeled work spaces be constructed to allow such seating.

We would be very interested in seeing the data that suggests denials of seating in appropriate circumstances is occurring in any meaningful numbers. Under circumstances of disability or other health reasons, most employers (15 more employees) are already required by the Americans with Disabilities Act to accommodate such employees if no undue hardship exists.

The Carroll County Chamber of Commerce, a business advocacy organization of over 680 members, opposes this bill and therefore requests that you give it an unfavorable report.

Sincerely,

A handwritten signature in blue ink that reads 'Mike McMullin'.
